

Youth Ski Exchange Program

A great way to get kids into Nordic Skiing and help keep down the long term cost.

The Out There Youth exchange program works as follows:

The first year you would purchase the equipment (ie: skis, boots, poles or any combination) at the current price. After that season if you are in need of upgrading or changing size you would then bring in your equipment and Out There would give you 40% of it's original purchase price toward the new equipment. If you have had the items for 2 years you would receive 20% of the original purchase price. After 3 years the equipment would be sold out right with no exchange option. This would ensure that the equipment in the program stays up to date and in fair to great condition. There is also an opting out option after 1 year in which you would get a straight cash return of 20% of the original purchase price. There is no cost to enrolling in the program other than filling out the Youth Ski Exchange Agreement with Out There.

This agreement offer may be altered at any time. Although the agreement made at the time of enrollment would be good for up to 2 years with out alteration

Exchange Values:

1st Year

40% of your original purchase price toward your next purchase

2 Years

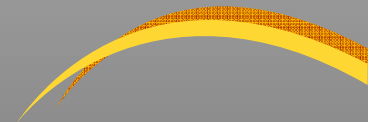

20% of the original purchase price toward your next purchase

Opting Out after 1 year

20% of the original purchase price in a cash return

Ages:

Children up to 18 years of age
