

Youth Ski Exchange Program

A great way to get kids into Nordic Skiing and help keep down the long term cost.

The Out There Youth exchange program works as follows:

The first year you would purchase the equipment (ie: skis, boots, poles or any combination) can be NEW or equipment already in the Exchange. After that season if you are in need of upgrading or changing size you would then bring in the equipment and Out There would give you up to 30% of it's original purchase price toward the updated equipment. If you have had the items for 2-3 seasons you would receive percentage of the original purchase price based on age & condition of the equipment. This would ensure that the equipment in the program stays up to date and in fair to great condition. There is also an opting out option after 1 season in which you would get a straight cash return of 20% of the original purchase price. There is no cost to enrolling in the program other than purchasing the equipment through Out There. Equipment purchased at a price less than \$30 does not qualify for the exchange.

This agreement offer may be altered at any time.

Exchange Values:

1st, 2nd & 3rd Season

Up to 30% of your original purchase price toward your next purchase as long as equipment is in quality, usable condition

Opting Out after 1 year

20% of the original purchase price in a cash return

Ages:

Children up to 18 years of age
